TOUR of KITCHENS

JUNIOR LEAGUE OF GAINESVILLE

#JLGTOK
The Junior League has been the driving force behind the kinds of initiatives and institutions that make our community a healthier, more vital place to live.

Junior League members, reflecting a wide range of backgrounds, interests and professional pursuits, work together to identify unmet needs, forge effective coalitions and work for change. Time and time again, the Junior League is among the first organizations to step up to the plate and tackle a community’s biggest challenges.

The Junior League of Gainesville, Florida, Inc. is an organization of women committed to promoting voluntarism, developing the potential of women, and improving communities through the effective action and leadership of trained volunteers. Its purpose is exclusively educational and charitable.

Proceeds from the Tour benefit the Junior League of Gainesville, now in its 83rd year, as it continues to further its mission to develop the potential of women, promote voluntarism, and improve our community.

Each year, Junior League of Gainesville members provide and receive training through project development, direct community service, advocacy at state and local levels, leadership conference and seminar attendance, and League management and governance. Junior League members also contribute countless hours of service to the greater Gainesville community.

**MIRACLE ON MAIN STREET**
The Junior League of Gainesville recently celebrated its 28th Annual Miracle on Main Street. Junior League volunteers produce and manage this event, which continues to brighten the season for hundreds of families by providing pantry bags full of food and essential cooking tools, and holiday toys to those in need.

**ACTION AGAINST HUNGER**
The Junior League of Gainesville is committed to providing food and resources to area children to reduce the number of food insecure families and hungry children in Alachua County. In North Central Florida, 17.9% of families are food-insecure and 1 in 4 children go to bed hungry each night. Because the Junior League of Gainesville is invested in changing these statistics for the better, our community programs and partners are focused on combating hunger issues facing Alachua County over the next several years.
